# 1,463 MURDERED IN CALIFORNIA

Did you know that over 15,000 people die every year in the United States as a result of "Drunk Driving" and more than a half a million are injured? On average **someone is killed by a drunk driver every 45 minutes**. Three out of every ten Americans will be involved in an alcohol-related crash at some time in their lives.

Other than Texas, more people are killed in California than any other state. Last year there were 1,463 "Drunk Driving" fatalities in California.

### Drunk Driving Deaths vs. War Casualties

A shocking statistic that may give you another perspective.

Soldiers Killed in WWI + WWII + Vietnam =	594,161
Drunk Driving Deaths since WWI =	1.7 Million
Current War (3/03 to 12/09) =	4,287
Drunk Driving Deaths since 3/03 =	109,000

### You Can Make A Difference

"Drunk Driving" can be stopped. Make sure you have a designated driver. It is a fact "designated drivers" save more than 50,000 lives a year and spare many thousands more from being injured. Your designated driver can be a taxi. A cab is cheaper than the alternative.

Look after your friends and family and you will save lives. Take their keys while they're preoccupied. They will think they have lost them and will have no choice but to accept another way home.

**Report Drunk Drivers** -- If you see someone weaving, straddling the center line, driving slowly, tail gating, or forgetting to turn on their headlights, CALL 911. You may make the difference of someone living or dying.

**Research shows someone will drive drunk 87 times before they are ever arrested for their first**

Rachel Elliot, 18 Killed in Corona

## Killed by a Drunk Driver

On February 21, 2008, Rachel Amaris Elliot was killed in Corona by Elva Diaz, a Drunk Driver. Rachel was a beautiful 18 year old college freshman from Fallbrook. She graduated with honors and was in college pursuing her dream of living in Southern California and becoming a forensic investigator.

Rachel was caring, responsible, intelligent and talented. She was a devoted daughter, granddaughter, great-granddaughter, sister, niece, and a friend of

many.

Ironically, Rachel supported anti-drinking and driving as her own mother at the age of 18 was hit by a drunk driver. Rachel's mom had two friends died in her arms that day.

Rachel was a lead participant in a high school DUI program called "Every 15 Minutes".

Rachel's family appreciates donations to MADD, "Every 15 minutes", or Orland High's music department in her honor.
